E-Z Trench Manufacturing Company, Inc. does not warrant the engine but the purchaser must look to engine manufacturer for the warranty of the engine.

### **NORMAL WEAR:**

Warranty will not cover repair where normal use has exhausted the life of a part. Trenchers, like all mechanical devices, need periodic parts replacement and service to perform well. It should be remembered that the service life of any trencher is dependent on the care it receives and the conditions under which it has to operate. Trenchers operate in harsh conditions, which can cause what appears to be premature wear. Such wear, when caused by rocks or other abrasive material, is not covered by warranty.

### **E-Z TRENCH WARRANTY DOES NOT COVER ABUSE OR NEGLIGENCE:**

1. Bent or broken parts; Such damage is normally the result of abuse, such as striking a solid object with the cutting blade.
2. Broken parts, which results from excessive vibration caused by loose engine mounting, loose cutting blades, unbalanced blades, improperly attaching equipment to trencher, overspeeding or abuse in operation.
3. Misuse, neglect, improper operation, damage or abuse.
